Dear Evan,

Although personal circumstances are resulting in our move, we wanted to write you a letter of reference before we left. The facility is certainly beautiful and we thoroughly enjoyed our stay at the apartment.

We also wanted to thank you for being such an attentive Property Manager. It was great to move into a renovated suite, and we especially appreciated the extra work you did. The minor damage from the previous tenancy was repaired promptly, and to have all the walls patched and painted was great. We also recognize your offer to repaint the kitchen with a designer colour was beyond the call of duty, and it looks fantastic.

Lastly, we were delighted with how quickly you rented the apartment. We thank you for scheduling the showings while we were away (which meant no inconvenience for us), and only needing three visits for viewings has made the hectic moving time that much easier.

Have a great summer!
